A BOOK FOR THE MILLION: Marriage Married or these about to marry on the physiciogica marry on the physiciogical masteries and revelations of the sexual system, with the latest discoveries in producing and preventing offsprag, low to preserve the complexion, &c.

This is an interesting work of two hundred and sixty pages, with numerous engravings, and contains valuable information for those who are married, or contemplate marriage. Still it is a book that ought to be kept under look and key, and nothaid cavelessly about the house.

It contains the experience and advice of a pyrakinan whose reputation is world wide, and should be in the private drawer of every male and female throughout the entire globe. It embraces everything on the subject of the graerative system that is worth knowing, and much that is not published in any other work.
